

Thread File Set - 4 Piece

Part No: 015605

- Designed for the restoration of damaged or worn threads
- Ideal for where conventional dies cannot be used
- Works on both left and right hand thread applications
- Each thread file provides eight different pitch sizes
- File Length: 75mm
- Overall Length: 215mm

Contents

Part No.	Thread	Pitch
015600	BSW/BSF	11, 12, 14, 16, 18, 20, 22, 26
015601	SAE/UN	12, 13, 14, 16, 18, 20, 24, 28
015602	Metric	0.75, 1, 1.25, 1.5, 1.75, 2, 2.5, 3
015603	BSP	11, 12, 14, 16, 19, 20, 22, 28

Loadstar Integrated Hydraulic Pullers

- Easy to use lightweight pullers with inbuilt pump and ram
- Suitable for tough heavy duty applications where standard mechanical pullers cannot be used
- Pump lever can be rotated 360° to assist pulling process in confined spaces
- Twin and Triple head allows for both 2 or 3 leg pulling
- Capacity range: 4 - 30 Tonnes

Part No.	Capacity	Reach	Spread	Stroke	Weight
204004	4 Tonne	185	255	60	8.0
204006	6 Tonne	220	330	70	9.8
204008	8 Tonne	230	350	85	11.7
204012	12 Tonne	270	375	85	14.8
204020	20 Tonne	360	520	111	25.7
204030	30 Tonne	360	550	111	36.0

1500 Series Hydraulic Ram

Part No: 150000

- Renowned globally for quality and reliability
- Rated to 80kN providing 8 tonnes of force with minimal effort
- Grease filled bore for consistent high performance
- Supplied in custom moulded EVA foam tray
- **Made in England**

Hydraulic Twin Leg Puller Kit

Part No: 152400

- Ideal for a wide range of automotive and industrial applications including gear pulling, bearing extraction and hub removal
- Features forged alloy steel legs for added strength and durability
- Supplied in custom moulded EVA foam tray
- **Made in England**

Twin & Triple Leg Puller Kit

Part No: 082705

- For the quick and safe removal of gears, races, bearings, pulleys and sprockets
- Contains three double ended reversible legs and two beams to suit various pulling applications
- Makes four different puller combinations
- Supplied in custom moulded EVA foam tray
- **Made in England**

Thin Jaw Twin Leg Puller

Part No: 086000

- Specially designed leg jaw profile for pulling tasks where there is limited clearance behind the component to be removed
- Features two legs for removing gears, races, bearings and sprockets
- Forged alloy steel legs and beam for added strength and durability
- Supplied in custom moulded EVA foam tray
- **Made in England**
